**Simon will be working with his team to create incredible food for everyone who visits WOOD, from Chester and Beyond...**

Simon started cooking when he could 'reach the top of an oven'. His passion began when, at eight years old, he won a competition to be anything for a day and he chose to be a chef. Thirty years later Simon's Master Chef win saw him fulfilling a dream he has had since he was young.

The dream continues now with the growth of WOOD Restaurant Group, with the Flagship WOOD Manchester, our Artisan Eatery WOODKRAFT in Cheltenham and our Partnership with Hotel Indigo to bring you WOOD Chester.
